SHOT DOWN WHILE DOING GOOD WORK

Prominent Member of Relief Committee Is Killed .While in Automobile.

RED CROSS FLAG WAS PROMINENTLY DISPLAYED

Some Guards in Service Plainly Too Anxious to Use Weapons.

SAN FRANCISCO, April M.-H. C. Tilden, one of the most prominent mem hers of the general relief committee, was shot and almost instantly killed in his automobile about 12 o'clock last night, while returning from Menlo Park, by men supposed to be members of the citizena, patrol. A friend of Tilden's, who in the automobile, was cut in the face by a bullet and another ball pierced the seat and struck R. G. Seaman, act ing lieutenant of the Second company of the Signal corps, in the back. The force of the bullet had been spent and Sea man, who had been detailed on special futy with Tilden, picked the ball out of his cartridge belt.

Suspects Arrested.

shooting occurred at Twenty-secend and Guerrero streets. Two men, susperted of having done the shooting, are under arrest at the police station at Twenty-second and Mission streets.

Tilden is a prominent commission mer hant of this city and was one of the chant of this city and was one of the foremost workers in the general relief work. He had taken his three children and a nurse from the fourteen-mile house where they had been since the earth-nuake to Menlo Park, where he has a summer cottage. His automobile had been used as an ambulance in conveying sick and wounded to the hospitals and was carrying the Bed Cross flag prominently displayed on his car. Besides this he had the Red Cross insignia on his right arm.

Challenged by Guard.

Challenged by Guard.

According to Acting Licut. Seaman, Tilden was his own chauffeur and left Menlo Park about 3 o'clock. At Twenty-eighth and Guerrero streets they were challenged by the first of the chain of patrols, and upon calling out "Red Cross" were allowed to pass At Twenty-fifth street a second guard challenged them and immediately gave way upon perceiving the Red Cross fig. Crossing Twenty-second street at about fifteen miles an hour, according to Seaman, six men stood in the middle of the road, separating when the car got within afty feet of them. When within ten feet of the guards, Seaman claims, they began shooting without warning or challenge, and kept up firing after the car had passed. Shots from in front took no effect with the exception of a builet grazing the face of Tilden's friend.

Fell Back Dead. Fell Back Dead.

Fell Back Dead.

"The machine had gone about fifty feet past the patrol," said Seaman, "when the car stopped suddenly Tilden fell over lowards me, saying. Well, they got me—they killed me, 'hopped back in the seat and relied out of the car I sprang up and fired five shots in quick succession at a man who was still shooting behind us. About the same time that Tilden fell in my lap a buliet struck me in the back, nearly knocking me out of the seat. I put my hand to my Webb cartridge beit and picked out the bullet, which had come through the seat. The man who did the shooting wae in khaki uniform. A doctor came running from a house nearby and after examining Tilden, said he was dead. Several policemen came running up and arrested two of the men who did the shooting."

H. H. Brann of Brann & Prior, sailmakers, and who resided near by, was awakened and impressed into service as chauffeur. Tilden's body was placed in his car and taken to the Central police station at Bush and Fillmore streets. Owing to the auto constantly breaking down, it took Seaman two hours to reach police headquarters, where the body was placed on an improvised stretcher and taken to the Elix emergency hospital on Bush street, between Fillmore and Steiner.

Catholic Sisters Aid.

A temporary detention hospital is to be established in the basement of the Sacred Heart school, conducted by the Dominican sisters, at the corner of Fillmore and Hayes streets, and the first commitment since the earthquake was made yesterday. The sisters of the Sacred Heart kindly turned over a part of the already crowded quarters to the insanity commissioners, and a number of patients are already housed there

quarters to the insanity commissioners, and a number of patients are already housed there. The board met yesterday afternoon with Judge Murisky and Judge Graham, and Charles Barciay, a former inmate of Stockton, was sent there again. An insane Chinaman at the Presido hospital was killed yesterday by a delirious Federal patient. The Orientel's skull was crushed by an iron bar in the hands of his crazy aggressor.

Hospital Attendants Escape.

Hospital Attendants Escape.

The night attendants of the Central Emergency hospital, who were all believed to have been killed when the city hall was razed by the sarthquake, escaped, with the exception of Steward Manville. He was severely injured by the falling walls, but was rescued from the ruins and taken to the Presidio hospital.

Col. T. Wain-Morgan Draper has offered to supervise the crection of a huge barracks for the refugees at the Presidio, and his services have been accepted by the Pederal authorities. Work will commence on the structure today, and it will be ruehed to completion with the greatest rapidity. The plans call for the housing of 5000 people.

Continued Their Work.

Continued Their Work.

The only Government department in the say Francisco customs house in which work was continued during the day of the fire was that of Surveyor of the Fort Woodward. He and his chief deputy, hauncey M. St. John, were at their desks by 9 o'clock in the morning and remained there all day. The fire crept up toward them from the water tront and finally was on all four sides of the building. Amid he roar of the confagration, the crash of falling walls, the excitement attending the work of the 150 jackies who saved the building, their work went on uninterrupted. Inspectors fought their way to the building, reported to St. John, and received further orders regarding their work is long the water front. If was a severe test, but neither the Surveyor, his deputy nor his inspectors showed any inclination to abandon their posts until their day's work was done.

to abandon their posts until their day's work was done.

The first vessel to clear from San Francisco since the fire was the Expansion a small steam schooner, which received her papers today. She was laden with provisions for the cannery men at Bristol, and on that account was allowed to sail.

SHOCK IN WASHINGTON

Weather Bureau Instruments Show

Slight Disturbance. WASHINGTON, April 2.—The seismo-graph of the weather bureau recorded a ery feeble earthquake shock beginning at 4:25 a.m. of April 22, and lasting un-ill after 5 o'clock. The stronger part of the disturbance occurred from about 4:29 to 4:32 a.m. This disturbance, as registered at Washington was very feeble as compared with the records of the great shock that recently occurred at San Francisco.

PURE FOOD CRUSADE

Two Convictions in Wyoming; Fight by One Defendant.

Special to The Tribune.

LARAMIE, Wyo. April 23.—The first of the cases to be tried under the pure food law of the State were disposed of here this afternoon, when Fred Hoel of Cheyenne, representing McCord, Brady & Co. of Cheyenne, who sold a brand of maple syrup not properly labeled, pleaded guilty and was fined \$50 and costs, which he raid.

Fights in Vain.

William J. Maxwell of Omaha, representing Farrel & Co of that city, made a fight, but was found guilty and was fined & and costs. He will likely appeal the case to a higher court. Maxwell contended that the maple syrup was sold prior to the enactment of the pure food law, but admitted that it was delivered subsequent thereto.

Commissioner in Earnest.

The cases were started by E. W. Burke of Evanston. Fure Food, Dalry and Oil Commissioner, who has two other cases pending here and three at his home town. He says he will proceed against every firm doing business in that State which falls to properly label its goods, not only maple syrup, but every other food product.

DISTRIBUTING FOOD IS BANKS EXPECT TO MOST DIFFICULT TASK

Supplies to Last Stricken City Legal Holiday Declared to Give One Week Are Now on

SAN FRANCISCO, April 23.-Food was never more plentiful in San Francisco than today and the only trouble is its proper distribution. The committee on feeding the hungry reports the most satisfactory progress in the huge task be ore it and they have already established afty-two food stations where all who were hungry may secure their daily ra-Independent Workers.

Besides the Government and the general food committee, which are doing the most heroic work, a large number of independent organizations are also attacking the food problem. It is hoped that the distribution of supplies may be systematized under one head in the course of a day or so, so that there may be no conflict or duplication of effort on such an all-important issue.

Sub-Committee Named. The committee of the whole has designated a sub-committee of seven which is directing the relief work so far as food is concerned. Dr. Voorsanger is chairman, J. F. Drum, vice-chairman, and Oscar F. Cooper, secretary. The headquarters of the bureau is in the city hall at Bush and Filimore streets, and it is there that the executive functions are in operation.

Supply for One Week. From all points news of approaching relief trains is coming in, and already sufficient provisions have accumulated on the rolling stock at the Oakland pler to supply the needs of the city for more than a week. Plain food of every description is pientiful and luxuries are beginning to arrive. Last night a famine of coffee, but today fresh consignments of this important etimulant are being distributed from almost every food depot.

Cattle Trains Coming In.

There is abundance of meat for stewing, though all the finer cuts are being used at the hospitals. Immense cattle trains are rolling northward from the prairies of the Southwest and chickens and eggs are comine from the nearby interior towns. The most pressing need is for vegetables, preferably potatoes, carrots, onlons and the like. Fresh and perishable produce cannot be properly cared for.

Spirits Are Buoyant.

The lines of applicants at the various food stations are blocks long and remain so until closing time. Every one received rations for a single person as many times a day as he asks and an attempt at distribution among the helpless families is being made. The ppirit of the people is wonderfully buoyant in the face of distress and neither disorder nor complaints are evident along the bread line. Volunteer distributors are issuing the plaints are evident along the bread Volunteer distributors are issuing provisions under military protection

HOLD UP POLICEMAN.

Officious Soldier Then Has Tables Turned on Him.

SAN FRANCISCO, April 22.—Regular Police Officer J. J. Dow was held up by a soldier while on his way to report at police headquarters early yesterday morning. The regular made an attempt to force the policeman to labor in the street, but was in turn held up himself and hurned over to a Lieutenant, who relieved him of his gun and directed that he be sent the guardhouse. Disregarded Uniform.

Policeman Dow was ordered to halt at Page and Cole streets. The soldier commanded him to take a shovel and aid in the work of clearing away the debris in the street. The fact that the officer was in uniform and wore his star seemed to have no effect on the soldier. He told Dow in plain English that he would shoot him if he did not go to work.

Officer Turns Tables. The tables were turned when the soldier turned around to pick up a shovel for the man he was attempting to impress. Dow quickly drew his revolver, held it at the head of the soldier and marched him in front of him to military headquarters, at Page and Schrader streets.

bers of the Clearing-House association met this morning at the residence of Mrs. Eleanor Martin. The association was in session for about an hour, but its plans were not in sufficient form to be given out. It was announced, however, that the association had passed the resolution up-holding and commending the action of Gov Fardee in declaring a legal holiday from day to day. Will Thus Extend Time.

The association regarded this as the best possible method of giving time to the banks to get their affairs into such shape that they may pay their depositors and meet other obligations without the trouble that would be likely to ensue if they were to be called upon at the present time. Can Meet All Calls.

It was the general opinion that the banks would be able to meet all culls upon them when the time comes for the reopening of their doors. E. H. WOMEN EXHIBIT TRUE SPIRIT OF BRAVERY

Churches Turned Into Emergency Hospitals, Great Relief Work Goes On.

SAN FRANCISCO, April 22 - The condition of the 5000 or more people camped in Jefferson Square park is something terrible. Not more than 5 per cent have even an army tent, and the makeshifts are constructed of carpets, bed sheets and every imaginary substance. They are to-tally inadequate to keep out the heavy rain which is falling today. Soldiers Are Active.

The 40 soldiers of the Fifth and Sixth California National Guard are requisitioning every house in the neighborhood for shelter, but in the meantime the homeless are in a miserable plight.

Glenn A. Durston of the Spanish War Veterans' relief committee has immediate charge of relief work. He made this statement to the Associated Press representative.

Making Men Work.

"We are impressing every wagon and man we can lay our hands on. We have about ten wagons now, in which we are hauling all who will go to the ferry station and sending them out of town. We have sent to the Presidio for tents and by confiscating all vacant houses we can find we hope to have these unfortunates housed with some degree of comfort before night."

The spirit and courage shown by the sufferers in the face of their misfortunes is wonderful. An aged, crippled woman, lying on the dirt floor of patchwork of bed sheets, carpets and the roofing, made a remark which is a sample.

Soldier's Widow Brave.

Soldier's Widow Brave.

"I am the widow of a Union soldier. The sufferings endured by my husband at Vicksburg were as nothing campared to mine. I am very comfortable, thank you." The sanitary work is going forward as rapidly as possible. Several tollets have been erected, and all refuse is being hauled away and burned promptly. There is so far very little sickness in camp, and none of a serious nature. No infectious disease has made its appearance.

The St Paul's Lutheran church, located near Jefferson Square park, is being utilized as an emergency hospital. In the main structure about forty-five patients are lying on mattresses which have been spread on the floor. The staff of this hospital is composed chiefly of Los Angeles doctors and nurses.

There are nineteen physicians and twenty-nine nurses employed. They work in day and night shifts.
